

## SABM ORGANIZATIONAL AFFILIATE PROGRAM

The SABM organizational affiliate program is developed with the aim of creating partnerships with organizations that value PBM. It is hoped that this partnership will create a stronger voice for PBM in global arena.

An Affiliate is an organization that aligns and partners with SABM in an effort to support and expand interest, efforts and/or promotion of PBM as the gold standard in healthcare practice.

Qualifying entities might include but are not limited to PBM societies, healthcare associations, authorities, business and regulators.

Qualifying organizations could be either domestic (within the US) or international.

Affiliation does not equate to SABM “membership” and its related benefits.
